## Set Course for Croatia

Our pirates are on the move. Destination: Solaris Resort in Sibenik Croatia.

Located in a quiet pine grove next to Hotel Ivan at the Solaris Resort, this 18 hole adventure golf course was designed by Castle Golf and built by the crews at Solaris. Of course it doesn't stay quiet for long with the pirates around.

This pirate battle system has three firing cannons, three water explosions, battle smoke from both the fort and ship and a few unruly characters hanging out at the 18<sup>th</sup> hole just to be a pest to the guests.

We would like to thank the staff at Solaris for their assistance during the installation as well as their hospitality.

We look forward to our next project with Solaris Resort..
